Mr. Schadek,

I have concerns that public records are not being shared in their entirety on your website and therefore lose their integrity. Council knows that Inland rescinded their no-fault termination offer and recommitted themselves to working through the issues at hand. We are confident that they are doing everything they can to meet the conditions of the contract and that they are committed to bringing quality service to our residents.

Virginia--one quick question. Is it true that Inland Service Corporation has offered a no-fault termination of the Agreement with the City for trash collection? If so, has City Council been apprised of this?

Please let me know at your earliest convenience.

Thanks,
Mike Schadek
