

## Private trash service isn't working out

*Tuesday, April 29, 2008 2:57 AM*

Upper Arlington embarked on a project to privatize trash service. Now that it's privatized, here's what's happened:

- Our trash and recyclables under the old system were picked up by 3:30 p.m., and now they're being picked up well into the evening.
- At least one motor vehicle has been hit by the contractor (according to the police report, there was no personal injury).
- Articles of trash have been seen blowing in the streets.
- Entire neighborhoods have been skipped.

Don't take my word for it. See for yourself at [www.uatrash.org](http://www.uatrash.org).
