Rodney:

As you know by now, [REDACTED] was not in the office Friday. Hope this addresses your concerns. We are making every attempt to get you the reports you need.

[REDACTED], I talked with [REDACTED] at @ 3:20 p.m. yesterday about not receiving a Route Status Report for the days activity. She stated that she was working on it and will fax it over to me. Never received it. We need this information in case we receive resident phone calls, etc. Can you fax me a Route Status Report as to what was not collected on Thursday vs. the UAtrash.org website?
Thanks!
